## 2021 SONOMA COAST ROSÉ OF PINOT NOIR

Migration is dedicated to crafting wines from the finest cool-climate winegrowing regions highlighting lush fruit, bright acidity and impeccably balanced oak. This dedication has taken us to the storied vineyards of California's Sonoma Coast, where layers of ocean fog cool the vines that grow in the famous Goldridge sandy loam soils.

### VINTAGE NOTES

The growing season kicked off with a January rain event that brought 50% of the region's seasonal rainfall in under three days, followed by an extremely dry February and March, with cool temperatures delaying budbreak until mid-March in the Santa Lucia Highlands and Sta. Rita Hills. Summer brought mild temperatures, with cool mornings and abundant fog that helped lengthen the growing season, yielding grapes with great natural acidity and complex flavors. The mild weather continued until harvest, producing energetic white wines with beautiful tropical layers and refreshing minerality, and profoundly concentrated Pinot Noirs with lush layers of blue fruit and savory spice.

### WINEMAKING NOTES

This dazzling rosé offers enticing aromas of wild strawberry, pink lady apple, ruby grapefruit and white flower blossoms. On the palate, silky layers of stone fruit and citrus are underscored by a sleek, sophisticated minerality that carries the lush fruit flavors to a bright, lingering finish.
